BESKRIVNING

Har du försökt förändra ett beteende men inte lyckats? Är det inte på tiden att du en gång för alla tar tag i de där beteendena som du kämpat så länge med; så att du kan bli den person du vill vara? Då är detta boken för dig! 10 000 timmar KBT på 60 minuter visar dig vad som fungerar för att du ska få framgång med dina beteendeförändringar och vilka hinder du ska undvika. Mikael Kvalevaag har mer än 10 000 timmars erfarenhet av behandlingsarbete som beteendevetare och KBT-terapeut. Boken är illustrerad av Emma Philipson.

Joint Convention on the Safety of Spent Fuel Management... | NTI

The Joint Convention is the first legal instrument to address the issue of spent fuel and radioactive waste management safety on a global scale. Date of adoption: 5 September 1997 Place of adoption: Vienna, Austria Date of entry into force: 18 June 2001 Depositary: Director General of the...

10 000 timmar KBT på 60 minuter - vistoforlag.se

This report satisfies the requirements of the Joint Convention for reporting on the status of safety at spent fuel and radioactive waste management facilities within the U.S. This Fourth United States of America (U.S.) National Report updates the Third Report published in October 2008...

Joint Convention on the Safety of Spent Fuel Management and the...

The requirements of the Joint Convention have for a long time been incorporated in the Swedish system for spent fuel and radioactive waste management. The Swedish Government judged at the time of signing the Joint Convention in 1997 that the safety philosophy...
