**BESKRIVNING**

Our identification with limited notions of who we are is at the root of our current global crisis. We have forgotten our intrinsic wholeness. The time has now come for a new paradigm of development. When we awaken to our oneness with life, we become instrumental in manifesting joy, peace, and abundance in all that we do. If you are committed to co-creating a harmonious, prosperous, just and sustainable future for all, this book is for you. In it, you will find many practical tools and resources to make a significant positive difference in your own spheres of work and life. Your consciousness has attracted this book into your life. Irrespective of where you are in our world, and at what stage of life you are at, know that this is not a mere coincidence! Will you awaken to your own Wholeness, and join Hearts and Hands on this unfolding evolution towards One Wholesome World? If the answer is a wholehearted ?YES?, you know why this book has come into your life. Let's joyfully work together to co-create a world that benefits all: A world that we can proudly bequeath to our children and the generations yet unborn.
